

Beta Company – Intern Experience Management Plan

Intern Cohort Engagement Strategy (February – June)

1. Intern Cohort Overview

Beta Company has selected a diverse group of **10 summer interns** across multiple functions and backgrounds.

Cohort Composition

- **Total Interns:** 10
- **Functions:**
 - 2 Sales Interns
 - 2 Product Interns
 - 2 Software Engineering Interns
 - 2 User Research Interns
 - 2 Customer Experience Interns
- **Geographic Representation:**
 - West Coast, South, Midwest, East Coast (4 U.S. regions)
- **Additional Diversity Insights:**
 - 3 interns grew up outside the United States
 - 5 interns identify as People of Color
 - 7 interns identify as First Generation College Students
 - Each intern attends a different university

Design Considerations

This intern experience plan is designed to:

- Build early engagement before program start (June)
 - Foster inclusion and belonging across diverse backgrounds
 - Increase readiness across all functional roles
 - Reduce intern drop-off or reneging risk
-

June 1	Final Onboarding Readiness Session	Informational	Virtual	Final preparation covering tools, schedules, expectations, and first-week onboarding details.	Interns + HR	Ensure smooth internship start

3. Value Created for Beta Company

1. Reduced Intern Attrition (Reneging Risk)

Continuous engagement from February ensures interns remain excited, reducing the risk of offer withdrawal or disengagement before June.

2. Stronger Inclusion & Belonging

Affinity-based programs and DEI sessions ensure:

- First-generation students feel supported
- International interns feel included
- Underrepresented groups see representation and role models

This improves psychological safety and engagement.

3. Faster Onboarding & Productivity

Role previews, simulations, and bootcamps ensure interns arrive in June with:

- Clear expectations
 - Functional understanding
 - Early skill readiness
-

4. Strong Cross-Functional Collaboration

Interns from **five different functions** are actively connected, improving collaboration across:

- Engineering & Product
 - Sales & Customer Experience
 - Research & Product Design
-

5. Improved Employer Brand

A structured, inclusive, and engaging internship experience strengthens Beta Company's reputation as a:

- People-first organization
 - Diversity-driven employer
 - Career development-focused company
-

6. Talent Pipeline Development

Early engagement increases the likelihood of:

- Higher performance during internship
 - Conversion to full-time roles
 - Long-term retention within Beta Company
-

4. Conclusion

This Intern Experience Management Plan ensures that Beta Company builds a **connected, prepared, and engaged intern cohort** before the internship begins in June. The program

focuses on inclusion, learning, and engagement to maximize both intern satisfaction and organizational value.
